

CRIMINAL BACKGROUND CHECK VERIFICATION

I understand that as a TEAMS member working with youth (minors under the age of 18), I must submit to a **criminal history** and **sex offender background check** or show proof that I have undergone such a process already through my school district/host site for the 2008-2009 academic year before I can be enrolled in the program.

Please check the appropriate response:

- I have undergone such a process already through my school district/host site on or before August 31, 2008.
- I have not undergone a criminal background check for my current placement.
